

# VizyPay provides dental office options they need

---

Heritage Creek Dental is a dental practice located in Clive, Iowa. Their goal is to serve the entire family's dental needs all in one spot. They provide their clients with the best, most professional dental care in the Greater Des Moines area and back that up with 5-star ratings across the board!

Heritage Creek Dental is a women-owned, local Iowa dental office. Their team has the goal to provide entire families with dental services in one location. Their complete 5-star ratings prove that they put their clients first.

Heritage Creek was working with a processor but was looking to partner with a local company that provided excellent support. Their previous processor had no local reps, and when they called the support line, there was a wait or no assistance. Since partnering with VizzyPay, they have not had any issues. They know any call will be answered in 30 seconds or less, and a rep would be willing to drive over if needed.

The availability and support were most important to Heritage Creek, but in addition to partnering with VizzyPay is saving them hundreds each month on processing fees. With no surprise fees and a simple monthly subscription price, it has made managing books less of a hassle.

The first word that comes to mind when I think of switching our equipment over is smooth. Everything was straightforward, and there was no downtime between providers. VizzyPay's team answered all our questions and was super friendly. Everything was so painless I did not even have to be there when things got switched over; my team was able to work with VizzyPay to get it completed.

Partnering with a local company was essential, but a company that provided options was just as high on this list. We love that VizzyPay has three programs instead of a one-size-fits-all solution. We provide the best options to our clients, so we wanted to be able to select the program that was not only perfect for our business but our clients as well.
